

A winter scene featuring snow-covered mountains and wooden huts. The sun is shining from behind the mountains, creating a bright glow. The huts are made of dark wood and have snow on their roofs. The ground is covered in a thick layer of snow.

## Dear retail partners,

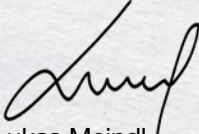

our boots and shoes embody tradition, passion and innovation – and have done for over 300 years.

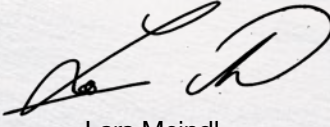

The craftsmanship we practice has always been at the very forefront of our company philosophy and our boots and shoes – both our summer and our winter models – are technically sophisticated, modern and highly functional. For our winter models especially, we match traditional, high-quality materials with sophisticated technologies to create reliable and high-quality boots and shoes.

Since the longevity of our materials is one of the most important aspects of our passion for sustainability, we take great care to preserve this high standard of quality. We have worked hard on our new collection for Winter 2021/2022. For this season, we are once again able to offer you a broad selection of popular classics and new winter models. As you would expect from us, you will find new products and additional new colours for models from our summer collection.

We wish you every success for the forthcoming season and we continue to trust in our excellent cooperation!

  
Lukas Meindl

- special footbed made of new wool in combination with cork
- extra-soft EVA cushioning shock absorber
- high-grip winter tread

Geh online/

## Comfortfit®

Warm feet thanks to a GORE-TEX faux fur lining

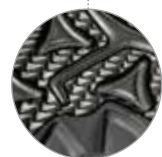

High quality Nubuck leather

Extra-soft EVA cushioning shock absorber

Finero Lady GTX

Meindl Ultra Grip profile

### Comfort fit® concept

In comparison to a trekking last, our Comfort fit® last has more space at the front of the foot with a firm grip on the heel. You stand on a wider base. The more defined contour enables easier rollover when walking.

- 1 More room for toes and more capacity.
- 2 More ball width and straight adjustment of the big toe.
- 3 Wider stance due to wider sole base.
- 4 Perfect fit due to the snug-fitting heel.

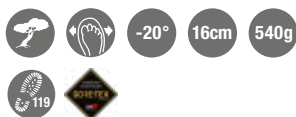

## Sella Lady GTX

# Professionals in every terrain

- models for long snow hikes, winter mountain trips or hunting
- we use special winter rubber compounds in many models for better grip in ice and snow
- superb heat insulation thanks to the use of materials such as lambskin and GORE-TEX Insulated Comfort Footwear

## Meindl Ultra Grip sole

- 1 Continuous rubber sole with claws. The entire sole surface grips the snow.
- 2 Concave studs offer a better grip in all directions on smooth surfaces. They are mobile and adapt perfectly to the terrain.

## Sporty all-rounder

- lightweight, functional models for sports activities in the great outdoors
- non-slip rubber-tread soles with cushioning EVA shock absorbers
- adapts perfectly to the foot thanks to sophisticated lacing systems such as variofix® and the Duo Lacing system
- soft cuff for maximum comfort

### Functional & eco-friendly

To protect the environment and to use resources as responsibly as possible, we have developed a new rubber compound that is made up of 22 per cent recycled rubber. To do this, the offcuts produced during manufacturing are reused in the production process. This helps us to save raw materials and avoid any unnecessary transport. The rubber percentage has been formulated in order to retain the wear and grip properties along with the familiar Meindl quality.

# For every adventure

- colourful, sturdy and multi-functional children's models
- special mouldings for children to ensure a perfect fit
- removable footbeds with the tried-and-tested Meindl Best Fit system
- quick closure with stopper

Quick closure with stopper

Meindl Multigrip profile

Ontario Junior GTX

Full rubber sole

## Children's shoes, seven important factors:

1. Removable Best-Fit footbed for a perfect fit.
2. Soft padded edges for comfortable yet secure hold.
3. Special children's last guarantees plenty of space for toes.
4. Grippy sole provides stability and security.
5. Reflectors increase visibility.
6. Impact protection withstands even the highest demands.
7. Heal cup for good foot positioning.

Removable Best-Fit-Footbed for an optimal fit.

## MEINDL – Quality and tradition

Producing a boot or shoe takes high-quality materials, but also above all passion and experience

Every one of our models is made with the passion and craftsmanship of our team, since behind every machine there is still a person driving the production process step by step.

At our headquarters in Kirschanschöring, we are continuing the craftsman tradition we have been practising for centuries and creating models that serve as reliable companions for our customers as they enjoy unforgettable moments.

We are also passionate about sustainability. For us, it goes without saying that, as a company in the outdoor industry, we should be committed to ensuring a healthy environment.
