## Sunshine and Snow in Winter - Who Doesn't Wish for That.

When the winter sunshine causes the snow to sparkle, many people wish for nothing more than to feel the crisp snow under their boots and to enjoy some hot wine punch in an alpine chalet with cosy warm feet before sleighing down into the valley. A perfect winter's day!

For over 300 years, we at Meindl have been making the ideal boots for you to use with great passion and attention to detail. Together with our employees, some of whom are now second generation, we develop traditional, highly functional and innovative boots for every weather condition.

Sadly, you can't always rely on the winter - sometimes there's snow, other times frost, sleet and sludge, or even sun and springtime temperatures -

but our all-year "365 day" models are ideal in every weather condition. The leather footbed can be quickly and conveniently exchanged for a lambskin footbed so that these waterproof models can be worn all year round.

You'll also find year-round models in our Comfort fit® range. For an even greater selection, we will be offering some new ankle boot models and mid versions for the coming season. The specially-developed Comfort fit® last means greater wearing comfort and, together with the special Comfort fit® cork footbed, makes up the centrepiece of these models.

And when the winter finally arrives in force, our numerous models lined with genuine 12 mm lambswool make sure your feet stay cosy and warm. We are particularly upholding our tradition with our real double-stitched classic winter boots. One further highlight here is the new Filzmoos (Lady) boot.

Each of our models reflect our experience and passion for boots. This allows us to be able to offer you the quality which you have come to know and may expect from us.

We'd like to thank you for your trust and wish you plenty of success in the new season!

Your Meindl Family

# Boots for every season

These models are not only for winter use. From waterproof GORE-TEX® lined boots through our “365 day” line to models lined with lambskin, here you'll find the ideal model for every occasion. A number of technological features have been incorporated into these boots, making them extremely versatile.

perfekt walking comfort thanks to the lasted style

# More comfort – in every season

# Comfortfit®

Huge demands are made of our feet every day. This is why it is all the more important to rely on good fitting styles when selecting boots. The special Comfort fit® last shape allows more space in the toes and ball of the foot but it still has a secure heel fit. The broader foot and additional space provide optimal comfort. This is supported by the elaborately constructed Comfort fit® cork footbed. What makes it special is that the cork footbed is anatomically shaped. The cover can absorb a great deal of moisture, and the footbed has continuous cushioning and an integrated shock-absorber in the heel.

With the high-tech functionality of

## Comfortfit® boot concept

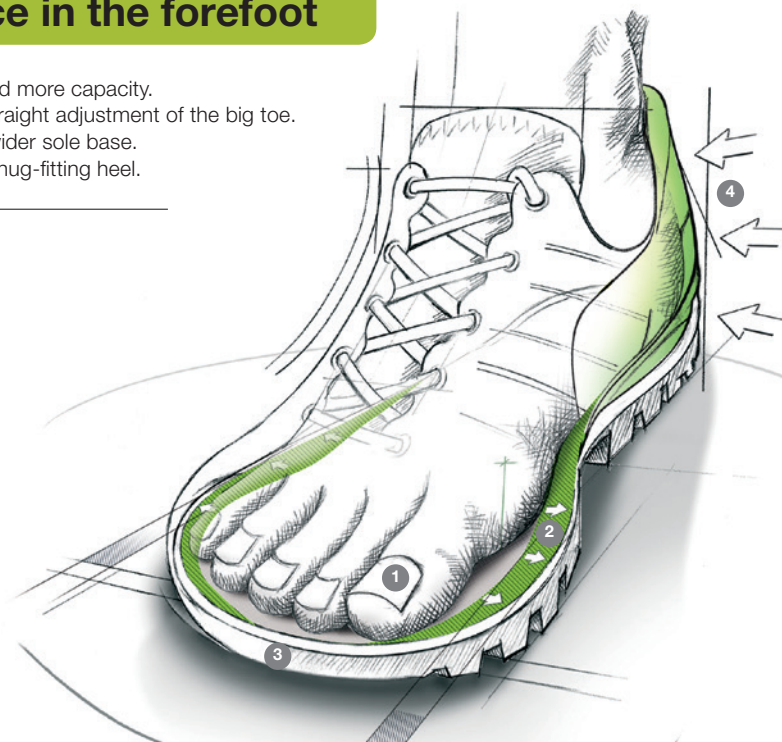

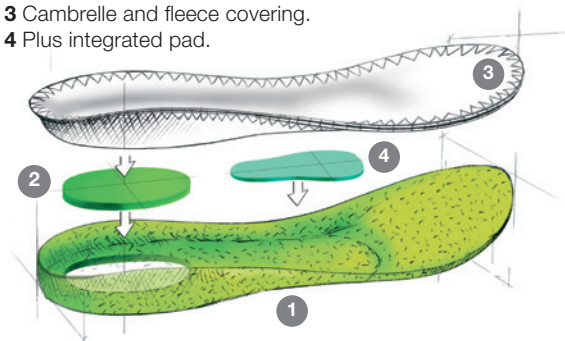

### More space in the forefoot

In comparison to a trekking last, our Comfort fit® last has more space at the front of the foot with a firm grip on the heel. You stand on a wider base. The defined rocker aides walking.

- 1 More room for toes and more capacity.
- 2 More ball width and straight adjustment of the big toe.
- 3 Wider stance due to wider sole base.
- 4 Perfect fit due to the snug-fitting heel.

### + High quality cork insole

- 1 Cork insole with
- 2 Poron® shock absorber
- 3 Cambrelle and fleece covering.
- 4 Plus integrated pad.

# Sporty and elegant throughout winter

Be fashionable and also warm and dry throughout winter. The times are long gone when fashion had nothing to do with function and practicality. Meindl provides numerous styles, particularly for women, that meet every requirement in snowy, icy and cold weather. These high-quality boots are sporty and fashionable at the same time and look good with all types of clothing.

## Best-Fit Footbed for Children

that children's feet have enough room.

Ideally, a child's boot with a perfect fit will be around 12mm longer than the child's foot in the toe area. Our removable Best-Fit footbed allows a simple check to be made to assess whether the boots fits correctly. Children's feet grow up to 1.8 mm per month.

# Cosy and warm feet in all types of winter weather

Our Canadian boots can be worn for a very wide range of uses. They are as suitable for walking in snowshoes as for other winter challenges. The way in which the boots are assembled provides them with the right amount of stability.

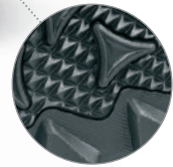

The Meindl Ultra Grip sole with its concave cleats provides the best grip on smooth surfaces. The pyramidal construction of the cleats, distributed across the entire surface, means a perfect grip in the snow.

# Adventures happen outdoors

Children want to romp about, play and have fun outdoors all year round. Robust, flexible and multifunctional – our colourful styles are just what young explorers need for their adventures!

We also offer a wide selection of shoes for young people, including styles lined with GORE-TEX®. The best-fit line printed on our removable footbeds show at a glance whether you have selected the right shoe size.

## Best-Fit Footbed for Children

that children's feet have enough room.

Ideally, a child's boot with a perfect fit will be around 12mm longer than the child's foot in the toe area. Our removable Best-Fit footbed allows a simple check to be made to assess whether the boots fits correctly. Children's feet grow up to 1.8 mm per month.
