Comfort fit® shoe concept

Genuine sheepskin

Genuine double stitching

Air cushion

Removable best-fit footbed

Removable inner shoe

Real cork footbed

Bootleg height

Pleasant up to the specified degrees below zero. These are guideline values, naturally, e.g. movement intensity, circulation, physical constitution and appropriate socks play an important role.

Approx. weight per boot:  
Women's styles – UK size 4.5  
Men's styles – UK size 8

Grip

Dear Customers,

We have been passionate about producing boots and shoes that reflect our love of detail for over 300 years. Today, craftsmanship is still our top priority. We are thus one of very few shoemakers who are still masters of the old craft of double-stitching our boots and shoes - and we will continue to do so!

With our employees, we develop traditional yet highly-functional and innovative shoes every day - for all seasons. We will also continue in the future to rely on our parent factory in Kirchanschöring in Upper Bavaria. Each day in our production facility we tap and hammer, and the aroma of leather is witness to the real work done by hand. Our boots and shoes are then supplied from Kirchanschöring to anywhere in the world. So that this can be done even more quickly in future, we are currently investing in a new logistics centre.

Again, we have a lot of new ideas for the new winter collection.

We are following the spirit of the times with our Meindl Identity® line. Increasing demand for this line has motivated us to produce new innovations. With our regional product, we were the first boot company in the world in 2011 able to provide a detailed certificate of origin for the upper leather used. There is a great deal of traditional shoemaker's craft in the styles, whose leather is produced using cutting-edge technology and with ecological considerations.

However, we are also particularly proud of our numerous winter boots and shoes, equipped with high-quality sheepskin. This genuine, fleecy-soft sheepskin provides a cosy sense of warmth and wellbeing in winter. These winter boots and shoes are also 100 percent waterproof thanks to GORE-TEX®. So let's welcome the colder months!

We wish you success in the new season!

Yours, the Meindl family

Lukas and Lars Meindl

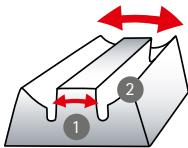

# FOUR-SEASON BOOTS

You'll be ideally equipped with these unique boots from the „Winter Light Hiker“ range - and not just in winter. These styles, equipped with all sorts of technical refinements, can be worn for the widest possible range of uses.

- Real sheepskin, 12 mm thick, for cosy, warm feet
- Removable, softly padded sheepskin insole
- Guaranteed waterproof thanks to GORE-TEX®

## IN STYLE THROUGHOUT THE WINTER

Meindl is taking a new route and for the first time is offering a collection for women for winter 2014/2015 – and the range extends from transition boots for the autumn and spring, to

boots lined with genuine sheepskin for especially cold days. These styles have one thing in common: they are real winners with their timeless yet modern appearance and are particularly comfortable.

- Guaranteed waterproof, thanks to GORE-TEX®
- Warm feet thanks to a fur-fabric lining and winter felt insole
- The lasted design provides perfect walking comfort

# – LEATHER WITH A CERTIFICATE OF ORIGIN

A line of footwear that moves with the spirit of the times!

With the Meindl Identity®, we are the first shoe company to create a regional product for which we can provide a detailed certificate of origin for the leather used for the uppers. The leather is produced using cutting-edge technology and with ecological considerations. Each individual shoe contains a great

deal of traditional shoemaking craft. This applies particularly to the double-stitched construction. So it is this combination of traditional craft, regional raw materials and modern leather production that makes the Meindl Identity® line so unique.

- Identity number in the cuff
- 12 mm thick sheepskin
- Genuine double stitching

Schladming Lady Identity

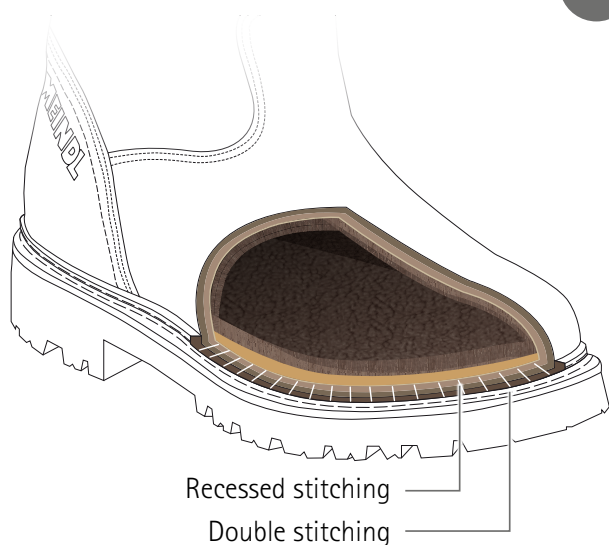

Our trademark is the coat of arms of the Federal Guild Association of German Shoemakership issued in 1370 by Charles IV, Holy Roman Emperor.

# WINTER BOOTS - THE CLASSICS!

We have always been convinced that we should rely on craft produced by masters of their trade. We process the finest and best materials every single day. Only a few people are still able

to foster this art. Our boots unite style and tradition - and you'll have faithful companions for many years to come!

- Genuine sheepskin, 12 mm thick, for cosy, warm feet
- Genuine double stitching
- Oiled, particularly smooth aniline leather

## MEINDL MULTICONTROL II VIBRAM® SOLE

# Comfortfit® FREEDOM FOR YOUR FEET

With this Meindl innovation from 2007, the name says it all: You are guaranteed high levels of comfort in these shoes and boots. The core elements of this innovation are the specially-developed Comfort fit® uppers and the specially-tailored sole construction that provides a broader footing.

The uppers are characterised by a broader forefoot that gives the toes and balls of the feet comfortable space and lets the big toe lie in a straight line. The heel is held firmly. The Comfort fit® cork insole, softly padded with memory foam, moulds itself to each individual foot.

- A lighter, more comfortable and flexible shoe for a sense of wellbeing
- Especially soft upper leather
- Softly padded Comfort fit® cork insole

Treviso Mid GTX®

## SMALL DIFFERENCE, GREAT EFFECT: THE

## Comfortfit® CONCEPT

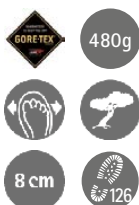

In comparison to a trekking last, our Comfort fit® last has more space at the front of the foot with a firm grip on the heel. You stand on a wider base. The more defined contour enables easier rollover when walking.

- 1 More room for toes and more capacity.
- 2 More ball width and straight adjustment of the big toe.
- 3 Wider stance due to wider sole base.
- 4 Perfect fit due to the snug-fitting heel.

# WELL EQUIPPED FOR ANY WINTER ADVENTURE

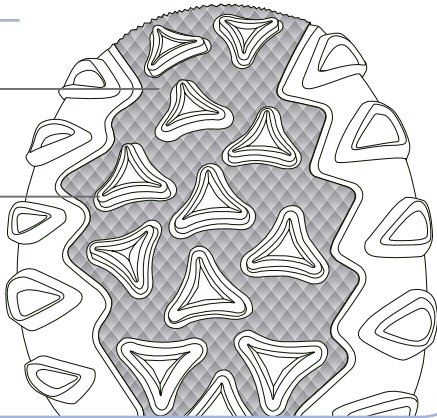

Girls and boys are looking for adventure - every day! So it's important that they are equipped with the right boots. With the Canadian boots by Meindl, little ones permanently have warm, dry feet and can also walk securely. Our colourful, high-quality styles are equipped with a grippy sole that provides the best footing. Every winter day becomes an adventure!

- Galoshes-style boots with removable, warmly-lined inner boots
- Thanks to the tread sole, the inner boot can also be used as a slipper boot
- Name tags in the boot and inner boot
- Ultra-grip sole for a secure footing

## MEINDL ULTRA GRIP SOLE

Rubber profile sole with claws throughout. The entire surface of the sole grips the snow.

Concave cleats offer better grip on smooth surfaces in all directions. They are flexible and adapt perfectly to the terrain.

# THERE ARE NO LIMITS WITH THESE BOOTS

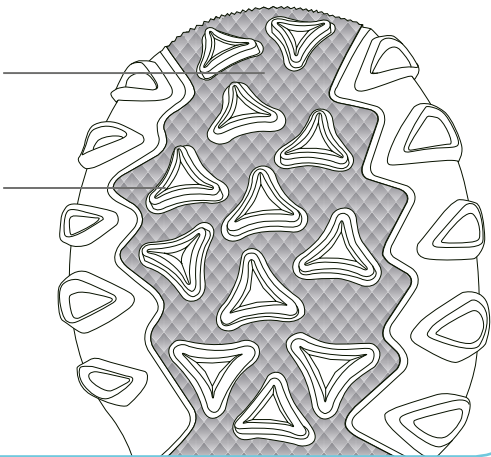

These boots are real all-rounders. Versatile and innovative, they can be used in a wide variety of ways. They are suitable for walking in snow shoes and for the challenges of winter. The well-insulated interior lining guarantees warm feet. The

Meindl ultra-grip sole with its concave cleats provides the best grip on slippery ground. The pyramid construction of the cleats across the entire surface of the sole grips snow perfectly.

## MEINDL ULTRA GRIP SOLE

Rubber profile sole with claws throughout. The entire surface of the sole grips the snow.

Concave cleats offer better grip on smooth surfaces in all directions. They are flexible and adapt perfectly to the terrain.

# ROBUST COMPANIONS

Children's feet are very demanding. We are aware of this responsibility and produce our styles with the greatest of care using special children's lasts. They are robust, multifunctional,

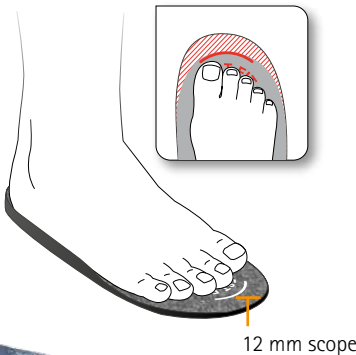

flexible and durable - and thus ideal for every adventure. Thanks to the line drawn on the removable Meindl Best-Fit insole, it's particularly easy to select the right size.

## BEST-FIT FOOTBED FOR CHILDREN

So that children's feet have enough room!  
Ideally, a child's boot with a perfect fit will be around 12 mm longer than the child's foot in the toe area. Our removable Best-Fit footbed allows a simple check to be made to assess whether the boot fits correctly.

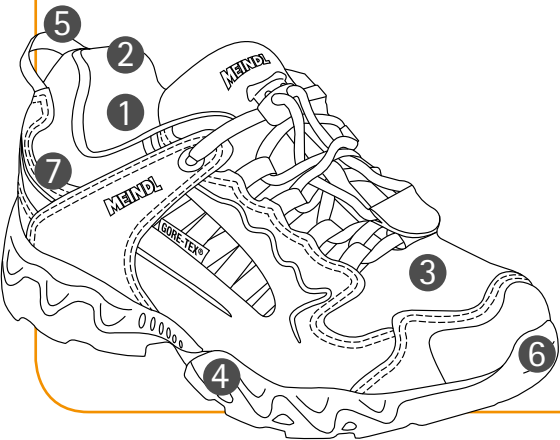

**INFO:**  
Children's feet grow up to 1.8 mm per month!

Minnesota Junior GTX®

## CHILDREN'S SHOES: SEVEN IMPORTANT FACTORS

- 1 Removable footbed for optimal fit
- 2 Softly padded edges for comfortable yet secure hold
- 3 Special children's last guarantees plenty of space for toes
- 4 Non-slip sole tread provides stability and security
- 5 Reflectors increase visibility and security
- 6 Impact protection withstands even the greatest stress
- 7 Heel cap for good foot positioning
