THINK WILD. EAT CIVILIZED.

lightmyfire.com

At the heart of our company we have one purpose; to create products that reconnect us with nature, wherever we are. We combine design and functionality with the joy of adventure and new experience.

From lunch breaks in local parks, to meals whilst hiking in vast forests. From family grills in city gardens to cooking on the peaks of mountain ranges, our dream remains the same: To enjoy the beauty of the outdoors, to think of generations to come, to encourage the exploration of forgotten skills and to rediscover, the art of fire.

Come join us!

A photograph of two women sitting on a large rock outdoors, cooking. The woman on the left is wearing a dark jacket and glasses, and is cutting vegetables on a wooden board. The woman on the right is wearing a white sweater and is smiling while holding a small red object. A basket of vegetables, including carrots and green herbs, sits on the rock between them. The background shows a blurred natural landscape with trees and foliage.

Welcome to
the world of
LIGHT MY FIRE.

Light My Fire's roots are firmly grounded in Sweden. The way we interact with nature in this country is unique. Respecting and enjoying the outdoors is part of our heritage; it's in our DNA and in everything we do.

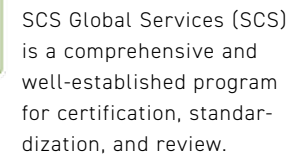

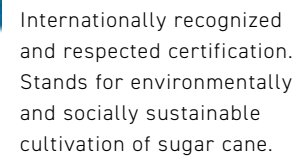

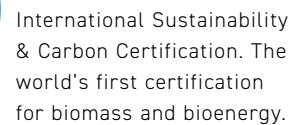

We manufacture in our factory in Västervik. The only thing that leaves our factory is our products. No chemicals, no emissions! Employment and working conditions for our employees are adhered to by Swedish law.

High quality and our impact on the environment are the leading factors in everything we do. Our products last, produced with well-thought-out materials.

We receive all the same benefits of plastic, but using biobased materials, our resources derive from the plant kingdom and are environmentally friendly.

PRODUCTS 2023

Light My Fire's range stands for functionality, timeless design, quality and durability.

Our products become unique and memorable gifts with personal color choices and prints.

In addition, part of our world also comes into play. A world that brings dreams to life, dreams of adventure, challenges and a genuinely wonderful everyday life.
